UDSIS Course Registration Instructions

2. From the Quick Links drop-down menu in the upper right-hand corner, select MyUD.
3. Click the My Class Schedule & Registration WebReg box.
4. Log into WebReg. If you are having difficulty, please contact the ACCESS Center at 302-831-8843.
5. Once in WebReg, if it is not already selected, choose the appropriate term within the drop-down box.
6. Within the Add course ID window, enter the course ID (e.g., SOCI201) or use the search button to view available courses and course information.
7. Once you’ve identified the desired course and section, click the Add course(s) box.
   NOTE: An error message will appear if the course is not available or has requisites that have not been satisfied. If you have the required requisites from another institution, please submit a registration request form, www.pcs.udel.edu/registration-forms, and transcript to the ACCESS Center.
8. The course should then appear in the course box and calendar view.

Once registered, you are responsible for tuition and fees unless you drop the course(s) on or before the Drop/Add Deadline. Please refer to the important academic dates and deadlines found at www.pcs.udel.edu/registration-forms. For further information regarding drop/add and withdrawing from courses, please refer to the information at www.pcs.udel.edu/dropadd.

It is recommended that you check your schedule after you have registered, and any time you make a change, to confirm the course information on your student record is correct.
